

1. For scatter cushions send an email with quantity, dimensions and filler type (polyfill, feather, feather and fibre), for example, "Six 45cm x 45cm scatter cushions with feather and fibre filling."
2. For bench seating or new seats and backs for easy chairs and couches, email the dimensions and quantity required. A dimensioned sketch can also be helpful. We will respond with a quote and metreage plus some follow-up questions about foam density and the possible need for wrapping around the fillers..If the cushions are for an easy chair we may suggest that the frame of the chair be brought to Martel upholstery.
